

Imni uficiâl dal Friûl

Incuintri al doman

In alt o fradis, o int di Aquilee,
devant da la Storie, di front dal doman.
Sin flame che e vîf pes stradis dal mont
sin non di une Patrie, sin fis dal Friûl.

Scolte o Friûl, o tiere di libars,
di lenghis e popui sês cjase di pâs.
Dai secui i paris nus clamin adun
a fâsi lidrîs di un unic destin.

In alt o Friûl, o Patrie mê sante,
di fuarce e sperance si viest la tô int.
Un popul sigûr che al cjamine te lûs
incuintri al doman, incuintri ai siei fis.

Translation

Towards Tomorrow (Official anthem of Friuli)

*Up above o brothers, o people of Aquileia,
in front of History, in front of tomorrow.
We are a flame that lives along the paths of the world
We are the name of a Homeland,
we are children of Friuli.*

*Listen o Friuli, land of the free,
of languages and populations,
you are the peaceful dwelling.
From the centuries, our forefathers
call upon us together
to become the roots of a single destiny.*

*Up above o Friuli, o my holy Homeland,
in strength and hope your people are clad.
A confident people who walks in the light
towards tomorrow, towards its children.*
